Here are My Mind's Eye, we have been "enjoying" an extra long winter . In fact, I woke up to 8" of snow last Saturday.

Since bright, sunny days have been few and far between, I am thankful that I can reach for the bright, sunny patterns of Lime Twist!

This collection is so fun and versatile to work with. It's perfect for spring, summer, boy, girl, Mother's Day projects and heritage projects!

I was thrilled when I ran across this photo of my sweet Grandma and myself when I was 14 months old because it matched Lime Twist - Life is a Party so perfectly! The twine pom pom adds texture and joy to the layout and the embellishments perfectly express the feelings I have when I look at this photo.
